

RAINY RIVER FIRST NATIONS MANITOU RAPIDS

LAND PURCHASE

RAINY RIVER FIRST NATIONS LAND PURCHASE STRATEGY

- Purchase properties to expand reserve
- Identify and place in priority, sacred and cultural sites on former reserve lands
- Purchase strategic properties of increasing value or economic gain consistent with economic and business goals

RAINY RIVER FIRST NATIONS CROWN SELECTION LANDS

Several band members were employed surveying these lands and the groundwork for the survey has been completed. Survey plans are being produced, reviewed, and corrected. After all parties are satisfied the plans will be registered in 2008. The legal and parliamentary process can then take place to transfer the lands from Ontario to the Federal Government then to Rainy River First Nations.

Rainy River First Nations Total Settlement Area	46,269 acres
Crown Land Selection Total (Hay Bay, Gates Ajar, Sphene, Crown Blocks, Rainy River Islands)	14,990 acres
