

Enbridge Gas is hosting a day and life field trip session

Location: Fort Frances office

Date: July 5, 2022

What it is:

An opportunity for potential candidates to experience a day in the life of a field technician at Enbridge Gas.

This field trip session will allow potential candidates to experience the job firsthand, to better understand the work that the technician completes daily and get to experience field work such as:

- Changing gas meters
- Maintaining our pipelines
- Locating gas lines

The session will be by invitation only and consist of a meet and greet with local employees and in-field observations of the work.
